The Paddy model with and without armrests is timeless and modern. The linear form and the striking look with a frame made of beech wood, stained in the colour oak or walnut, give every room a contemporary ambience. The model is comfortable and, with its functional, ergonomic shape, finds many uses in the health & care sector. Optionally, the chair can also be equipped with castors on the front legs so that the seated person can easily be moved to the table from behind. The upholstered seat cover, which is particularly appropriate for the health & care sector, is available in various flame-retardant and easy-care materials, such as Parotega, Paratexa, Marou, Addison and Sheldon.
