

ARMCHAIR **NIA**

The Nia model with armrests fits naturally into any space with its appealing, timeless design. The simple and gently rounded contour creates a pleasant feel-good atmosphere with a frame made of beech wood, stained in the colour oak or walnut. The model is comfortable and, with its functional, ergonomic shape, has many uses in the health & care sector. Optionally, the chair can also be equipped with castors on the front legs so that the seated person can easily be moved to the table from behind. The upholstered seat cover, which is particularly appropriate for the health & care sector, is available in various flame-retardant and easy-care materials, such as Parotega, Paratexa, Marou, Addison and Sheldon.
