

CHAIR ZAINA

Zaina is available as a chair and armchair. The clear shape of the frame and the striking, beautifully curved armrests, reminiscent of a knob, give the armchair a dignified and modern look at the same time. The armrests also provide good support when standing up. The wide, slightly protruding and rounded seat ensures comfortable seating. The chairs cut a fine figure in the dining room, lounge or in a room. Both chairs are available in stained beech wood in natural oak and stained and lacquered walnut. There is a selection of beautiful colors and patterns for the upholstery that will add a lively touch to any room. All Health & Care faux leathers and fabrics are qualified for use in the care sector. With Zaina, you are opting for a classic Health & Care chair with a good price/performance ratio.
