

CORNER/RIGHT-HAND CLOSING ELEMENT TUYA  
B

The striking features of Tuya B can be seen in the curved surfaces on the backrest, armrests and seats, which give this bench system its unique character. The careful workmanship of the upholstery demonstrates skilled craftsmanship and lends the overall appearance a high-quality touch. The black powder-coated steel legs ensure outstanding robustness and stability. But it's not just the exterior that is impressive - Tuya's seating comfort and ergonomics are also outstanding. The bench system - consisting of a 60-seater element, 120-seater element and corner element - is available with both low and high backs. It is important to note that the benches with high backrests must always be mounted on the wall to ensure maximum safety.
