

ARM CHAIR TILA

The Tila model with armrests fits stylishly into any space with its simple yet expressive form. The clear and shapely design with a frame made of beech wood, stained in oak or walnut, creates a pleasant and harmonious room atmosphere. It is comfortable and, with its functional, ergonomic shape, has many uses in the health & care sector. The model is stackable. Optionally, the chair can also be equipped with castors on the front legs so that the seated person can easily be moved to the table from behind. The upholstered seat cover, which is particularly appropriate for the health & care sector, is available in various flame-retardant and easy-care materials, such as Parotega, Paratexa, Marou, Addison and Sheldon.
