

## SEAT CUSHION **CAMILA**

These seat cushions are the straightforward upgrade for hospitality projects: four shapes that fit almost all seating furniture in the range – from chairs to benches. The high-quality Agora Liso fabric combines a pleasant feel with professional performance: stain-resistant, water-repellent and at the same time breathable. Designed for outdoor use, everything stays beautiful over time – UV-resistant, mould-resistant, quick-drying and with high lightfastness. And if something does happen during daily operation: the cushions have removable, washable covers so they quickly look great again. The wide range of colours offers real design freedom for any project – tone-on-tone or as a deliberate colour accent. The result is noticeably more comfort and a visually cohesive look, without any extra effort in everyday use.

- Fit & flexibility: Four shapes – suitable for almost all seating furniture in the range, from chairs to benches
- Outdoor professional material: Agora Liso is UV-resistant, mould-resistant, water-repellent, breathable and quick-drying – with high lightfastness
- Easy care & design freedom: Removable and washable, plus a wide range of colours for tone-on-tone concepts or strong colour accents in the project
