

CHAIR ESKAN

The frame for ESKAN is made of black powder-coated steel and is combined with a shell made of fiberglass-reinforced plastic. The seat shell provides a very good seating experience due to its ergonomic shape – even without an additional seat cushion. The robust foot made of powder-coated steel ensures high stability and durability in intensive commercial and catering use. With its clear, modern design, the stool seamlessly fits into contemporary interior concepts and is ideal for cafés, restaurants, as well as outdoor terraces and other commercial spaces. Available as a chair and bar stool. Delivery is in parts; the model is UV-resistant and weatherproof, making it suitable for both indoor and outdoor use.

- Ergonomic seat shell for high comfort – even without a cushion.
- Powder-coated steel frame for stable, durable use.
- UV-resistant and weatherproof for indoor and outdoor areas.
