

TABLE ROUNDIC

The round table-bench combination Roundic is a robust meeting point for gastronomy, contract and public areas. Two separate half-round seats made of powder-coated aluminium offer space for 8-10 people and allow comfortable sitting down without lifting legs or climbing over benches. Slots integrated into the table top and seats allow rainwater to drain away so everything can be used again quickly. Weatherproof, low-maintenance materials and the umbrella hole in the centre make the seating group ideal for high-traffic outdoor areas. The combination is delivered disassembled and is easy to assemble.

- Separate seat halves – comfortable seating without climbing.
- Integrated slots – rainwater drains off, dries quickly.
- Central umbrella hole – table serves as a practical parasol stand.
- Separate seat halves – sit down comfortably without clambering
- Integrated slots – rainwater runs off, dries quickly again
- Central Parasol hole – table serves as a practical Parasol base
