

BAR STOOL **VEYA**

The robust Veya bar stool for demanding use in hospitality, office and contract environments. The stable steel frame is powder-coated and available either with a high-quality wood décor look or in classic black. The wood décor version appears visually warm and inviting, while the black version is understated and puristic. Both versions are easy to care for and durable. The seat shell made of high-quality plastic is ergonomically rounded and offers comfortable seating even over longer periods of time. The simple, elegant form blends effortlessly into a wide range of interior concepts – from modern bistros to office coffee lounges.
