Natural comfort for almost any chair: The warming seat pads made from 100% wool felt provide a pleasant seating experience and create a cosy atmosphere. Thanks to the non-slip underside, they stay securely in place even on smooth seating surfaces. Various shapes and colours allow for a harmonious match with the respective interior design concept. The felt seat pads can be combined with almost all chair models.

- 100% wool felt for natural, warming seating comfort
- Anti-slip coating for secure grip on smooth surfaces
- Available in many shapes and colours to match almost any chair model
