2-SEATER ELEMENT **LEONY**

The lounge model consisting of a Lounge chair and 2-seater combines high seating comfort with a clear, premium design and is ideal for hotels, restaurants, lobbies, lounges or meeting areas. The durable seat foam in sandwich technology ensures pleasant comfort, shape retention and high resilience. Highly elastic webbing supports the upholstery in both the seat and the backrest. The additional webbing suspension in the backrest in particular is by no means standard and enables a noticeably more flexible, ergonomic seating experience. Solid, high-quality steel legs with a robust powder coating provide stability and a modern look. Thanks to the wide selection of materials and colours from our fabric concept, the lounge can be individually integrated into a wide range of contract and interior concepts.
