GO IN

ARMCHAIR LUVIO

With its softly rounded, floral-inspired shape, this lounge armchair becomes a striking eye-catcher in modern restaurants, hotels and lounge areas. The flowing lines of the seat and backrest give it an organic, inviting appearance. The concealed substructure creates an almost floating effect and emphasises its calm, high-quality look. The generous upholstery, wide seat surface and all-round shaped backrest provide a high level of seating comfort and a pleasantly protected seating experience. This makes even longer waiting periods feel like a relaxing break. Thanks to the wide range of materials and colours available from the GO IN fabric concept, the armchair can be individually adapted to different interior concepts and colour schemes. The object-tested version is designed for professional use in restaurants, hotels, reception areas and lounges.

- Floating appearance: Characteristic design with a suspended visual effect
- High seating comfort: Generously upholstered and pleasantly enveloping
- Individually configurable: Many fabrics, materials and colours to choose from
